Frequently Asked Questions

Will MAT make me feel high?

No. MAT medicines help you feel stable and in control — not high.

Is MAT safe?

Yes. MAT medicines are FDA-approved and proven to work for opioid addiction.

Do I need therapy too?

Therapy is recommended but not required. Many clinics offer peer support, group therapy, and individual therapy.

How long will I need MAT?

It depends on you. Your care team will guide you every step.

What does it cost?

Most clinics accept most insurances. Sliding fee scales available if uninsured.

Do I need a referral?

No. Anyone can contact a clinic directly — patients, family, nurses, social workers, or shelter staff.

Ready to get help?

Call any clinic above.

No referral needed.

Walk-ins welcome at HOPES M–F at behavioral health access clinic.

- Spanish-speaking services available at all clinics.

You are not alone. Recovery is possible.
